

Subsidized Mental Health Program

NOW ACCEPTING APPLICATIONS

IAMAdoptee is thrilled to announce the launch of our **Therapeutic and Wellness Subsidy for Intercountry Adoptees**. This pilot program has been developed to provide financial assistance to intercountry adoptees to aid and supplement the journey toward wellness and healing.

This program is open to all intercountry adoptees who participate in a form of therapy or wellness practice as a way to navigate the lived experience of being an adopted person. IAMAdoptee's goal is to give intercountry adoptees - living in the United States - the opportunity to subsidize and reimburse* the expense to feel well. This is a once-annual request per adoptee.

*At this time, there is a \$300 cap per request in order to serve as many intercountry adoptees as possible with this limited fund.

To apply applicants must carefully review all application questions and submit, or pledge to submit, all required application documents. This Includes:

- Completion of the short application survey questions
 - o **Including** a short paragraph answering the question, How would this fund support your wellness journey as an intercountry adoptee? (200 words max)
- Contact Information (Including Postal Information)
- Proof of Session/Workshop/Program Payment

The application will remain open and submissions will be reviewed on a rolling basis until all funds are distributed. In the meantime please do not hesitate to reach out, via email, to contact@iamadoptee.org, if you have any additional questions.

The Therapeutic and Wellness Subsidy Committee looks forward to receiving and reviewing applications!
